Reversible Boom

Reverse the boom on the trencher to double the life! The boom is made of high abrasion resistant material to fight wear and last longer.

Trencher Crumber

The Toro crumber is designed specifically to make the trench bottom clean and smooth. The crumber follows behind the chain to clean all "crumbs" from the bottom of the trench. The hardend tip of the crumber pulls any loose material back into the chain teeth.

Overall Dimensions:	Width 35"
	Length 65"
	Height 24"
	Weight 390 lbs.
Performance:	
Trencher Depth-3ft boom	0-42", 36" @ 65° angle
Trench Width	4-12"
Trenching Angle	0-90°
Auger Diameter	12.5"
Auger Speed	120 rpm at 11gpm
Torque	675 ft/lbs.
Optional Equipment:	
Crumber,	
3 Foot Boom	4", 6" Rock Chain
